# Canadian Hospital Law
# 2nd edition
# by
# Lorne E. Rozovsky

**Essential reading for every health care professional**

The most recent information on health care law is now available. Changes since the publication of Canadian Hospital Law: a practical guide (1974) have made a new 1979 edition necessary. This second edition contains new and invaluable material and updates the original text.

## Topics

- Medical staff privileges
- Patient records
- Police and criminal law
- Abortions
- The patient's property
- Transplants
- Dead bodies and parts
- Wills
- The lawyer
- The health and hospital corporation
- Responsibility to the patient
- Consent to treatment
- Negligence
- Responsibility for physical premises

## Complete the order form and mail to:
